BE ALERT.

Suspicious packages

If you spot an unattended package, look for the following:

- Placement in out-of-the-way locations
- Individuals in the act of abandoning the package and hastily departing the area
- Unusual attached batteries, wires, tanks, bottles or bags that might contain chemicals
- A suspicious cloud, mist, gas, vapor, odor or seeping fluid

Suspicious behaviors

If you spot any suspicious individuals engaged in questionable activity, look for the following:

- Visible signs of nervousness
- Excessive sweating
- Sprayer bottles or aerosol canisters
- Inappropriate clothing that is excessively baggy or too heavy in warm weather

BE PREPARED.

- Identify alternate routes and a means of reaching your location in the event your main route is impassable
